“A positive attitude is contagious, don’t wait to catch it from others, be a carrier” is the motto of this workshop in which participants become aware of their own work habits and attitude to work. Also the extent to which the attitude is professional and positive and how it contributes to a pleasant working atmosphere as well as to the success of the organization. The workshop focuses on personal growth and development. You will leave with new appreciation of your work environment and with a dose of motivation, positivity and passion.
